## CABERNET SAUVIGNON

2021

**Winemaking** Vintage 2021 has proven to be a standout vintage for most red varieties. Throughout budburst and ripening the region was experiencing cool mild conditions and we were lucky to get good rainfall to top up soil moisture levels. Harvested between late February and mid-March, the Cabernet parcels were destemmed, crushed and transferred straight to ferment, maintaining temperatures of around 24-26° to maximise colour and tannin extraction. Fermented in stainless steel with Premium French oak chips, this wine is pressed around 1 baume and left to ferment until dry. Malolactic fermentation is commenced after racking off gross lees. Once secondary fermentation was complete each parcel was then centrifuged onto premium French oak staves for approximately 4 months. Post oak maturation, each parcel is then cold stabilised, blended, filtered and stored in stainless steel until bottling.

**Tasting note** With deep colour and violet hues, it has intense aromas of red berry fruits coupled with hints of sweet blueberry jam and a touch of vanillin oak. Subtle fine tannins marry perfectly with the intense concentrated palate of black currant, smoky liquorice and well-integrated oak.

**Region** South Australia

**Wine Analysis** Alcohol: 14.20%      pH: 3.48  
TA: 7.48 g/l                      RS: 4.30 g/l

**Style** Dry, full bodied.

**Food Match** Enjoy with rich pasta dishes, Roasted Beef or a juicy steak.

**Cellaring** Drink now or cellar for up to 5 years.
